

## Suncreek Village Celebrates Groundbreaking

Community partners Suncreek Developments and Fraser Health gathered Thursday to celebrate the official groundbreaking of Suncreek Village that will benefit seniors in Surrey who need 24 hour-a-day nursing care and health services.

"We are delighted to support the partnership between Suncreek and its owner-operator Daljit Gill and Fraser Health," said Keith Anderson, interim CEO for Fraser Health. "This is an important contribution to our drive to provide much-needed residential care capacity for the people of Fraser Health."

Mr. Gill, who was awarded the 80 funded beds in a May 2006, also owns and operates three other residential care facilities in Fraser Health: Heritage Home residential services, Gateway Assisted Living and mental health services at Kimblee Place.

"Suncreek Developments is really pleased to continue with Fraser Health a relationship that has a proven track record through the variety of residential and assisted living projects we have built together," said Mr. Gill.
